Secretary Houston declared "not feasible" a plan of the conference for the recreation of war finance board to furnish the machinery for further extensions of credits to the farmers. (international news service) WASHINGTON, Oct. 14—Gov. Harding of the Federal reserve board announced today that final decision by the board, with respect to the demands of various producing groups for credit relier, cannot be expected before Saturday. He stated that the problems which have arisen as a result of the demands of the producers are being threshed out by the board in conference with the governors of various federal reserve banks and no intimation of what the board's attitude

will be can be divulged until its conclusion. The sessions are expected to continue until Friday night. Gov. Harding, however, in statements to various representatives of the producers who called upon him, virtually reiterated his previous utterances to the effect that the producing elements can restore confidence more quickly by putting a stop to calamity talk and by
